Welcome to University of Alkafeel

Our Vision :

As a pioneer in education and research scientific production in alignment with Islamic values and authentic international standards .

Our Missions :

The university endeavours to offer a scientific provoking environment to prepare a quality generation characterized with moral , vocational and epistemic principles to serve the society and to achieve the sustainable development .

Our Objectives :

- 1- Offering authentic and quality education in concordance with international standards of quality to graduate cadres highly qualified to meet the requirement of the labor market and to serve the society.
- 2- Developing and employing the epistemic scientific products in line with serving the society to achieve the goals of the sustainable development.
- 3- Commencing with achieving constructive partnerships with scientific and service institutions and research centres .
- 4- Establishing scientific developed centres for invention , training and improvement to bring the intellectual , scientific and epistemic evolution into effect to find ground solutions to the problems of the society .
- 5- Using the renewing energies to invest perfectly the resources to meet the goals of the sustainable development.

A Word from the Rector

Ladies and Gentlemen,

You are holding “ Concise Guide to the University of Alkafeel” to offer useful information on the studying to all incoming students, teaching, and non-teaching staff, and of course to all those who are interested.

University of Alkafeel cuddles 6 faculties, the University library, and a student center. Teaching for around 1588 students is conducted in undergraduate studies. More than 235 teachers and external 43 lecturers are all involved in the teaching process, with more than 70 staff performing administrative and technical duties. For the strategy of the university council the number is not the ultimate target as the quality prevails in all the future and present plans . The university develops its programs to enable students to acquire the competence, knowledge, and skills essential for the labor market. Moreover, students are also encouraged to partake of the numerous extracurricular activities : sports , knowledge competition, Quran Contest and to name but a few .

A Word from the Rector

When it comes to the implementation of the Bologna Process, the IT staff in the university takes the lead to operate and help all the universities in Iraq , private and state , in employing such an advanced process as the ministry of Higher Education and Scientific Research decreed our university to bear the responsibility of such a task .

Special attention is paid to international co-operation and that results in certain memorandums of understanding with other international and regional universities : American universities Michigan , Toledo and Stanford and UK university of Sheffield. The University of Alkafeel is an accredited higher education institution which in 2025 received a programmatic accreditation from the Ministry of Higher Education and Scientific Research in Iraq. Such an accreditation assures that every one of our students' degrees is highly accepted everywhere .

We want as many of our students as possible to take part in practice with the societal issues : to settle problems and find solutions in the field of human medicine and health care . At the same time, we want to bring experts to the University who will transfer knowledge, cognizance and experience to students.

The university is currently in a very dynamic and changing environment : Changes in society are fast. At University of Alkafeel we try our best to recognize the signs of time and respond to all challenges. It is therefore a task for all of us, employees and students, to strive for maximum efforts for the best of man !

Prof.Dr. Nawras Mohammed Shaheed Al-Dahan
University of Alkafeel Rector

University of Alkafeel in Brief

The University of Alkafeel was established and approved by the Ministry of Higher Education and Scientific Research of Iraq (order No. 187) on 2005/2/1. Previously it was known as “ University College of Humanist Sciences” and then changes into “ University College of Alkafeel” on 10 July 2017 . After achieving the strategic policy and the transference procedures to be a university , the ministerial order is issued to change officially into a university : “ University of Alkafeel” on 10 July 2018.
